

CREATIVE ARCHITECTURAL CEILINGS

- **PROJECT**

- The most suitable and durable design solutions

- **PRODUCTION**

- Wide range of products

- **APPLICATION**

- Quality application on time with expert teams

- **BIM**

- BIM Services and Solutions

İSTANBUL AIRPORT DUTY FREE

Unique design solutions for your projects

PROJECT

Multi Panel Systems

Ada Tıp Hospital

Mesh Systems

Axis AVM

Baffle Systems

Ataköy Towers

- Hook-on Systems
- Clip-in Systems
- T15-T24 Systems
- Baffle Systems
- Slimline Systems

- Geometric Systems
- Multi Panel Systems
- Opencell Systems
- Island Systems
- Seismic Systems

- FBS Systems
- Mesh Systems
- Box Systems
- Bandraster Systems
- T-70 Systems

Riyad K.Khalid Airport

- Bütem Metal aims to follow technology closely and integrate it into production. 3D drawing programs and CNC machines are used in the production stages of the products.
- Thanks to the technologies used, the increase in productivity and flexibility in production brings customer satisfaction along with it, and the products needed in the market can be responded quickly.
- Advanced technology ERP software is used for planning and operations.
- ISO 9001 (Quality Management System Certificate)
- ISO 14001 (Environmental Safety Certificate)
- ISO 18001 (Occupational Health and Safety Certificate)
- Our company manufactures in European norms in accordance with CE standards

İSTANBUL Airport

APPLICATION

Adnan Menderes Airport

2.680.000 Man/Hour

King Khalid Airport

2.720.000 Man/Hour

Doha Hamad Airport

3.650.000 Man/Hour

Bütem Metal group companies have completed many local and international projects on time and successfully with their 40 years of industrial experience. Application experience has been gained with the high engineering and architectural solutions it offers. As a result of the continuous development of innovations and the learning and application System, Bütem Metal & 22 Yapı Tasarım offers economical and fast solutions
